This is the story of three young individuals, their dreams, ambitions, desires and flaws. Akshaye is an executive who makes his way to the top through his ambition, persistence and self-drive. Anita narrates her own story of falling in love finding love and matching passion, her unique experience of becoming a mother and fear of death of her beloved man. Sheila seeks love but is unable to find it....will she find love and solace ever? Hull & Chrom is a multinational pharmaceutical company with Schnade as its virtual owner – extremely beautiful and dazzling, emanating grace and strength that illuminates others with her brilliance. Decidokinase is a multi-billion dollar product of Hull& Chrom, but when it goes wrong, people start dying a terrible death. Schnade, with Akshaye's help, has to save this product at whatever cost, but soon she finds herself and Akshaye hostage to terrorists. And now the cauldron is full and boiling...

Explains that the static stability factor is an indicator of a vehicle's propensity to roll over, and that US government ratings for vehicles do not reflect differences in rollover resistance. This report states that the 5-star system should allow discrimination among vehicles and incorporate results from road tests that measure vehicle control.

The truck's role in American society changed dramatically from the 1960s through the 1980s, with the rise of off-roaders, the van craze of the 1970s and minivan revolution of the 1980s, the popularization of the SUV as family car and the diversification of the pickup truck into multiple forms and sizes. This comprehensive reference book follows the form of the author's popular volumes on American cars. For each year, it provides an industry overview and, for each manufacturer, an update on new models and other news, followed by a wealth of data: available powertrains, popular options, paint colors and more. Finally, each truck is detailed fully with specifications and measurements, prices, production figures, standard equipment and more.
