The honest and compelling story of a young girl's newfound independence, from her entrance into a new country to her frightening involvement in the Triangle Shirtwaist Factory Fire of 1911. My heart filled with fear and hope at the same time. I had the feeling that I was brought to America for a purpose. Something important would happen to me here. I remembered the words of the poem, "Give me your tired, your poor, your huddled masses . . ." "Here we are, America," I whispered. "We're just exactly what you ordered." When she arrives on Ellis Island as a seventeen-year-old Irish immigrant, Rose Nolan is looking for a land of opportunities; what she finds is far from all she'd dreamed. Stubborn and tenacious, she refuses to give up. Left alone to fend for herself and her younger sister, Rose is thrust into a hard-knock life of tenements and factory work. When the devastating Triangle Shirtwaist Factory Fire of 1911 rushes into Rose's life, her confusions are brought to an all-too-painful head. To whom and to what can she turn when everything around her is in ashes?

Stubborn and tenacious, she refuses to give up. Left alone to fend for herself and her younger sister, Rose is thrust into a hard-knock life of tenements and factory work. But even as she struggles, Rose finds small bright points in her new life--at the movies with her working friends and in the honest goals of her mentor, Gussie. Still, after her exhausting days as a working girl, Rose must face the confusion of balancing her need for simple fun with her more wary feelings about joining Gussie in her fight for better working conditions. When the devastating Triangle Shirtwaist Factory Fire of 1911 rushes into Rose's life, her confusions are brought to an all-too-painful head. To whom and to what can she turn when everything around her is in ashes? Sharp, poignant, and stirringly real, MJ Auch has written a powerful historical novel that is hard to put down.

Once at Ellis Island, seventeen-year-old Rose Nolan quickly realized that America was very different from what she had expected and so had to quickly adjust to the reality of hard work in the factory to keep food on the table for her and her young sister. Reprint.

In 1815, while traveling by covered wagon to settle in the wilderness of western New York, eleven-year-old Mem experiences a flood and separation from her family.

It's 1910, and thirteen-year-old Raisa has just traveled alone from a small Polish shtetl all the way to New York City. It's overwhelming, awe-inspiring, and even dangerous, especially when she discovers that her sister has disappeared and she must now fend for herself. She finds work in the Triangle Shirtwaist Factory sewing bodices on the popular shirtwaists. Raisa makes friends and even-dare she admit it?-falls in love. But then 1911 dawns, and one March day a spark ignites in the factory. One of the city's most harrowing tragedies unfolds, and Raisa's life is forever changed. . . . One hundred years after the Triangle Shirtwaist Factory Fire, this moving young adult novel gives life to the tragedy and hope of this transformative event in American history.

There's no way a little thing like losing his hand will keep Norm from trying out for baseball.

When twelve-year-old Grady Flood and his mother Lila relocate yet again, they find work taking care of an elderly man, who teaches Grady about cars, birds, and what it means to have a home.

When Henrietta becomes the first chicken in her coop to learn how to read, she uses her skills to save her aunties from becoming chicken soup.

"The expressive narrator charms the listener by impersonating the characters...Short segments of music and brief sound effects add interest." - Booklist

In 1816, twelve-year-old Mem's new home in the wilderness of western New York is disrupted when the birth of another baby sends her mother into "spells" that disconnect her from reality.
