Wiley Online Trading for a Living When to get in-when to get out Build, test & trade a winning system Online brokers, research & market data For those who are well suited to day trading and short-term trading, the futures market is one of the best games in town. As the original short-term vehicle, the futures market allows the trader to collapse the time frame in which he or she can reach the desired profit target-or pain threshold. As a result, wins and losses are compounded much more quickly than in stock trading-and, in the case of wins, often more profitably. The ability to gain leverage with very little on margin gives you, the trader, the ability to earn more off smaller swings. And enough home runs could allow you to become your own boss, work from home in your bathrobe, or even work from your cell phone while lying on the beach. So far, so good. But what does it take to win? In Day Trade Futures Online, award-winning veteran futures trader Larry Williams gives a no-holds-barred view of the risks and rewards of this increasingly accessible arena. His straightforward approach to helping you determine your trading personality is the first step. Then he offers traders what they really need: strategies and tactics designed to beat the futures markets. From hardware and software setup to trading psychology and successful strategizing, this highly readable book covers all the bases needed to prepare you to trade online, including: \* Assessing your risk threshold \* Streamlining the glut of trading and price information to make it work for you \* The importance of knowing how to manage your money \* Choosing an online broker and utilizing other online resources, such as news, chat rooms, and message boards \* When to get out of your trades \* Building a system based on Larry's time-tested strategies . . . and that's just for starters. Also included are an appendix of basic futures concepts and a select bibliography of some of the best learning resources. With good humor and brutal honesty, Williams guides you in building the trading system that will work best for you. GET IN ON THE ORIGINAL SHORT-TERM GAME WITH BIG-TIME PROFITS With unflinching honesty and decades of trading experience, award-winning veteran futures trader Larry Williams lends his expertise to the many aspects of futures trading online, including: \* Winning strategies \* Determining your trading personality \* The art of using the Internet \* Hardware and software solutions \* History and development of short-term trading Praise for Larry Williams and day trade futures online "Larry Williams, the astute and experienced trader, has presented the reader with many computer-tested patterns that should give one an edge up in the hard world of day trading. He not only gives the patterns, he explains the 'why' of market action and what it takes to be successful from a psychological and money management standpoint. This is one of the best practical books ever written on trading by a veteran trader. Buy it."-John Hill, President, Futures Truth Co. "Larry possesses an incredible talent to differentiate between what is important in life as well as in the markets. In his book, he shares insights into market behavior and short-term price dynamics that are useful to beginning and experienced traders alike. Whereas most day trading books merely discuss the market in generalities, Larry focuses on computer-tested techniques that can actually help make traders profitable. This is Larry at his best and finest!"-Tom DeMark, President, Market Studies Inc., author of New Science of Technical Analysis and New Market Timing Techniques "Day Trade Futures Online is another must-have Larry Williams trading book. That's because nearly all the profitable futures traders I've known have attributed their

trading success to an idea or concept learned from Larry. When Larry speaks, you better listen."-Gary Smith, author of How I Trade for a Living

"The way that Big Money got to be Big Money was by also being the 'Smart Money', and so it is worth paying attention to how the Big Money traders behave. That's the essence of what Larry Williams has to teach us in this book. And it's not just what the Smart Money says or thinks, but how they behave in terms of their trading that we should pay attention to. Larry shows us how to listen to that message." —Tom McClellan, Editor of The McClellan Market Report "Finally, an insider's take on what really goes on behind the scenes in commodity trading. Larry writes his view of trading, as only he knows it, from his twenty-five years of experience." —James Altucher, author of Trade Like a Hedge Fund Successful trader Larry Williams reveals industry secrets that help investors and traders successfully invest and trade side-by-side with the largest commercial interests in the world. You'll be introduced to the COT (Commitment of Traders) report, the best resource for achieving trading success, learn exactly what the information it contains means, and plan for maximizing profits by acting on reported actions.

Praise for THE RIGHT STOCK AT THE RIGHT TIME "It is a fundamentally good time to consider the strategies in this book. Macro-market timing, stock-specific approaches, money management revelations, and intermarket analysis. Even better that it is written by someone who has actually done it himself." —Lindsay Glass Global Market Timing Specialist, Bloomberg LP "This book delivers a knock-out punch to investor pessimism, with an uppercut of bullishness and hard facts." —Ray Mercer Former World Heavyweight Champion "The stock market is a major stream of income and Williams clearly shows the best time and stocks to buy." —Robert Allen, New York Times bestselling financial author and millionaire maker "No other book on the horizon comes close to this one. Larry lets you stand on his shoulders and view the market from the vantage of a master." —Yale Hirsch Chairman, The Hirsch Organization Inc.

This book is a must if you're a stock or commodity trader. It will expose to you an exciting new approach to trading and thinking—the same approach that has made Larry Williams a millionaire.
