Grove, part of the Manitowoc group has achieved a number of notable firsts, including introducing the world's first slewing rough terrain crane in 1968 and the world's first trapezoidal boom in 1970 as well as becoming the first international multi-facility crane manufacturer to receive the ISO 9001 quality assurance certification in 1994 ...

~~Grove RT760 Specifications CraneMarket~~

The RT760E is a 60 U.S. ton capacity rough terrain crane from Grove. One of the key features of the RT760E is its MEGAFORM™ boom design. This boom design incorporates a U-shaped cross-section that provides an exceptional strength-to-weight ratio, which allows it to lift more in comparison to the traditional square and rectangular booms.
