This book discusses various practical ways to work on chakras, using archetypal and animal associations, crystals, meditation, visualization, affirmations, and physical exercise. It starts by familiarizing the reader with how this mystical, ancient art works as a holistic and spiritual system

that promotes harmony and health, and then proceeds to the root chakra. A chart of correspondences includes everything from color and key element to physical and mental functions, and compatible fragrances. It includes a detailed list of suggested activities to stimulate the chakra, such as dining on healing foods, listening to restorative music, and learning from inspirational case histories. Equally exhaustive information is given for the other six chakras: Sacral, Solar Plexus, Heart, Throat, Brow (Third Eye), and Crown. A final section focuses on how other healing disciplines, such as yoga and reiki, incorporate the chakra therapies to restore the optimal physical, emotional, and spiritual self.

Interpreting the meaning behind a dream is highly intuitive. The symbols and people in your dreams are personal to you. Two people can dream about a turtle, and (even if it was possible to have the same dream as someone else) the meaning would be different if person one loves turtles and person two dislikes them. Wilda B Tanner's dream symbol guidebook is a great place to start, yet* the final meaning is based on your feelings and thoughts. *I highly recommend *Mystical Magical Marvelous World of Dreams* by Wilda B. Tanner (Aug 1, 1988) When you wake up from a dream, record it in your dream journal before moving around. Capture as much detail as you can from your dream when you first wake up.
