*Survival: A Thematic Guide to Canadian Literature* is a survey of Canadian literature by Margaret Atwood, one of the best-known Canadian authors. It was first published by House of Anansi in 1972. A work of literary criticism, as Atwood writes in her preface to the 2004 edition, *Survival* was an attempt to deal with her belief that in the early 1970s,

When Margaret Atwood's *Survival* was first published in 1972 it was received as an interesting reading of Canadian literature suitable for a decade preoccupied with environmental themes in Canadian culture. However it quickly became dated and subsequent reprintings of this "thematic guide to Canadian literature" contributed to distortions of Canada's literary heritage.

Atwood's *Survival* was a seminal book for me back in the 1970's. Her theory that there are national themes in literature is very useful for studying cultures generally. The rap on the book is that she has not done a thorough, scholarly job of research and tends to favour references to books written by her friends or published by her publisher.

Margaret Atwood's international celebrity has given a new visibility to Canadian literature in English. This Companion provides a comprehensive critical account of Atwood's writing across the wide range of genres within which she has worked for the past forty years, while paying attention to her Canadian cultural context and the multiple dimensions of her celebrity. The main concern is with Atwood the writer, but there is also Atwood the media star and public performer, cultural critic, environmentalist and human
