Teaching Mathematics

Foundations to Middle Years.

CONTENTS Teaching Mathematics in the Primary and Middle Years of School includes a rich set of practical pedagogy that will connect readers to the bigger picture of mathematics and show them how to:

- Communicate mathematically
- Feel positive about mathematics and their role in teaching it
- Enter the classroom confident they are equipped with the practical knowledge, skills, strategies and activities to teach maths.

middle and high school mathematics teachers to give them a chance to explore the inner workings of fundamental mathematical concepts involved in arithmetic as well as the basis for working with a variety of number systems. The course deconstructs basic math concepts that many people often take for granted, but yet which can continue to give students difficulties throughout their school years.
