Harry Alan Towers' reputation rests upon a corpus of 95 low-budget productions shot post-haste in every corner of the globe. He took an integral part, however, in the development of the protocols that now underpin much transnational film production and he must be regarded as a pioneer. Towers' slash and burn strategy focused on parasitic, back-to-back productions, funded by rights bundles that were pre-sold globally. This strategy was substantially derived from his early days in broadcasting wherein he acted as a go-between in the American and the British Commonwealth markets. Though he became adept at procuring funds from pariah regimes and black market economies, primarily he continued to act as a broker bringing together American equity investment and European finance under the auspices of EC co-production agreements. He was also quick to exploit the burgeoning niche markets becoming available in the wake of technological developments and government initiatives.

tennis career, unwavering activism, and an ongoing commitment to fairness and social justice. "A story about the personal strength, immense growth, and undeniable greatness of one woman who fearlessly stood up to a culture trying to break her down."—Serena Williams In this spirited account, Billie Jean King details her life's journey to find her true self. She recounts her groundbreaking tennis career—six years as the top-ranked woman in the world, twenty Wimbledon championships, thirty-nine grand-slam titles, and her watershed defeat of Bobby Riggs in the famous "Battle of the Sexes." She poignantly recalls the cultural backdrop of those years and the profound impact on her worldview from the women's movement, the assassinations and anti-war protests of the 1960s, the civil rights movement, and, eventually, the LGBTQ+ rights movement. She describes the myriad challenges she's hurdled—entrenched sexism, an eating disorder, near financial peril after being outed—on her path to publicly and unequivocally acknowledging her sexual identity at the age of fifty-one. She talks about how her life today remains one of indefatigable service. She offers insights and advice on leadership, business, activism, sports, politics, marriage equality, parenting, sexuality, and love. And she shows how living honestly and openly has had a transformative effect on her relationships and happiness. Hers is the story of a

pathbreaking feminist, a world-class athlete, and an indomitable spirit whose impact has transcended even her spectacular achievements in sports.

"Eloquent of the man and . . . of the history he made." —The New York Times In the Arena is the most personal, profound, and revealing memoir ever written by a major political figure. It is Richard Nixon's frankest, most outspoken book—which includes the inside story of his resignation from the Presidency and its aftermath. President Nixon's previous books have brilliantly chronicled his public career and examined America's strategic role in the world. Now, for the first time, he shares his private thoughts and feelings on his long career, other great leaders at home and abroad, his own family, the state of the world, the arts of politics and diplomacy, and much more—expanding on his 1978 Memoirs and documenting his role as America's Elder Statesman. It's a personal statement by one of the most important and influential figures in American history.

I could never again maintain that I was caught up in this game unwillingly. I knew now what I wanted to do. Willingly would I accept the hardship and fear, the discipline and the sacrifices, if only I could be given back the chance to climb that mountain.' Joe Tasker lies, struck down by a tooth abscess, in a damp, bug-infested room in the Himalaya,

wondering if he will be well enough to climb Dunagiri, his first venture to the 'big' mountains. He is there with Dick Renshaw to attempt to make a two-man ascent of the Peak - one of the first true Alpine-style expeditions to the Greater Ranges; an attempt that forms part of this tale of adventure in the savage vertical arena of hostile mountains. Joe Tasker was one of Britain's foremost mountaineers. A pioneer of lightweight mountaineering and a superbly gifted writer, in *Savage Arena* he vividly describes his participation in the first British winter ascent of the North Face of the Eiger; his first ascent of the West Wall of Changabang with Peter Boardman - considered to be a preposterous plan by the established climbing world; the first ascent of the North Ridge of Kangchenjunga; and his two unsuccessful attempts to climb K2, the second highest mountain in the world. This is a story of single-minded determination, strength and courage in a pursuit which owes much of its value and compulsion to the risks entailed - risks which often stimulate superlative performances. It is also a story of the stresses, strains and tensions of living in constant anxiety, often with only one other person, for long periods in which one is never far from moments of terror, and of the close and vital human relationships which spring from those circumstances. It is a moving, exciting and inspirational book about the adventuring spirit which seeks

endless new climbing challenges to face, alluring problems to solve and difficulties to overcome, for it is not reaching the summit which is important, but the journey to it. Joe Tasker and Peter Boardman died on Everest in 1982, while attempting a new and unclimbed line. Both men were superb mountaineers and talented writers. Tasker's first book, *Everest the Cruel Way*, was first published in 1981. *Savage Arena*, his second book, was completed just before he left for Everest. Both books have become mountaineering classis. The literary legacy of Tasker and Boardman lives on through the Boardman Tasker Prize for Mountain Literature, established by family and friends in 1983 and presented annually to the author or co-authors of an original work which has made an outstanding contribution to mountain literature. For more information about the Boardman Tasker Prize, visit: www.boardmantasker.com 'The most riveting book on climbing that I have ever read.'
